Who is Must Have Ideas?

Whilst still only young, we're one of the UK's fastest growing ecommerce brands, helping over 4 million customers 'discover something new' every year. One in six homes in the UK now have one of our clever, problem-solving products and we're widely recognised as one of the leading ecommerce innovators of the past few years. Named by The Sunday Times as the 66th fastest growing company in 2024, we're a British success story and our incredible growth isn't stopping any time soon – and we'd love you to join us on this exciting journey!

The Team

Based in our swanky brand-new offices, you'll be working with a group of great people who think independently but collaborate as a strong team to deliver exceptional results. We are beginning our new journey into Automation so experience with this would be useful. Career progression? Absolutely - there are plenty of opportunities to grow and develop, as our rapid growth continues.

This Role

This is an excellent opportunity to join us on our fast-growth journey! We're looking for a super-efficient Deputy Fulfilment Shift Leader to join our team.

As a member of the Fulfilment management team, you will assist the Fulfilment Shift Leader in fulfilling the following tasks.

You will also deputise for the FSL when they are not available (sickness, holidays etc).

Your responsibilities will include:

- Leading a daytime fulfilment shift of up to approximately 10 people
- Ensuring multi-SKU customer orders are fulfilled accurately, efficiently and on time
- Ensuring replacement part orders are fulfilled accurately, efficiently and on time
- Ensure returns are processed correctly and efficiently, in line with agreed KPIs
- Managing and motivating Fulfilment Assistants to ensure the most efficient fulfilment operation possible
- Maintaining a clean, tidy and efficient working environment adhering to the high standards we expect throughout the business
- Working with our H&S Manager, always ensuring full compliance with H&S requirements

- Setting objectives and targets for team members, monitoring performance, and providing necessary training
- Coaching and developing under-performing Fulfilment Assistants to improve their productivity
- Resolving dispatching errors and staff issues efficiently
- Provide a detailed shift handover and shift report at the end of every shift
- Ideate and share thoughts on how we can continuously improve our IT systems and processes to improve efficiencies

Our DFSLs are hands-on with the team, coaching, leading, motivating. They do not:

- Pack customer orders (except for exceptional circumstances). They 'teach a man to fish' rather than fishing themselves.
- Sit at their desk for long periods. They are out on the shop floor in amongst the action, ensuring the team is working efficiently, adhering to SOPs
- Deal with HR issues. They're too busy running an efficient fulfilment operation. Instead, they pass details of HR/attendance/behaviour/under-performance issues to HR for them to deal with appropriately.
- Deal with administration. Again, they're too busy making sure the fulfilment operation is as efficient as possible. Instead, they allow the Fulfilment Administrator to handle all admin.

You'll excel in this role if you have the following skills & experience:

- Experience in fulfilment leadership roles
- Experience in a fast-growing ecommerce business environment
- Experience in automation of manual processes
- Experience in Team Leadership, including coaching and developing manual workers to improve performance
- Ability to manage and direct manual workers
- Excellent verbal and written communication skills
- Knowledge of relevant regulations and safety procedures
- Be super-efficient and have strong organizational skills with a keen eye for detail
- Adaptable to changing priorities and take on new responsibilities as needed
- Strong IT skills
- Experience in monitoring performance and KPI targets
